As a recognized leader in service of the common good, we invite you to be a sponsor to our Legacy Event.

Since 1991, the Center for Ethical Leadership has been fostering healthy, just, and inclusive communities. Where our tried and true leadership pedagogy and programming touch tens of thousands of people and continue to influence future leaders to this day – across the country and beyond. Our diverse community continues to need the infrastructure and support in how we better engage with each other in all aspects of our lives – personally and professionally, where we live, work, and play.
